

Environmental Policy Statement

OEMA Limited is committed to the concept of reducing to a minimum any actions that have an adverse effect on the environment.

In conducting its business OEMA Limited aims to prevent pollution and to save natural resources by operating in the most environmentally efficient and friendly way and by recycling wherever this is practical.

This it does by not only keeping its use of materials down to a minimum but also its use of non-renewable resources such as fuel and, indirectly, of electricity. This commitment extends to all areas of OEMA Limited.

OEMA Limited further aims to continually improve its environmental performance in order to safeguard the quality of the environment, both locally and globally.

Legislation and regulations

All applicable legislation and regulations are adhered to at all times and it is OEMA Limited policy to keep up to date and implement the requirements of all new environmental legislation.

Local requirements

It is the aim of OEMA Limited, irrespective of any regulations or legislation to be a good neighbour and while carrying out its processes, whether on our premises or those of our customers to reduce to an absolute minimum any environmental problems.

Review of environmental policy, objectives and targets and communication

OEMA Limited sets environmental objectives and targets that are publicised to staff. These objectives and targets are regularly reviewed by means of its environmental auditing, non-conformance control and management review processes.

This policy has been communicated to OEMA Limited staff to ensure it has been understood, and will be implemented and maintained by all staff.
